# THOR905 form-A-guard

## ***Perfect Protection Starts Here:***

THOR form-A-guard is a registered Australian made product exclusively designed for the Building and Construction Industry as protecting finished surfaces and eliminating defects is essential, saving time and money.

Protecting from scratches and scuff marks for timber floors, tiled floors, vinyl, bench tops, bathtubs, shower bases and more.

### form-A-guard can be applied with the following 3 easy steps:

1. Apply the THOR Membrane tape or THOR Pre-App tape (clean release tapes) around the perimeter, entrance and exit walkways.
   These tapes are suitable for use on cured, sealed, solid smooth finished surfaces that are clean and free of dust or residue.
2. Roll out the form-A-guard to the required length, overlapping each run.
3. Join the form-A-guard with the THOR Joining tape using a THOR Joining tape dispenser. Then secure the form-A-guard to the THOR Membrane tape or THOR Pre-App tape with the THOR Joining tape as pictured.

This quick and easy application ensures that THOR form-A-guard remains a market leader in its category.

*The THOR form-A-guard is not a breathable product and should only be applied to cured, sealed, solid finished surfaces.

*It is advised that periodic checks should be conducted on the THOR Membrane tape and THOR Pre-App tape after 1 month of application to ensure clean removal. The THOR tapes are not recommended for use on modified oil or wax based coatings.

*The THOR Joining tape ***SHOULD NOT*** be applied to any finished surface and is only used to join the form-A-guard together.

**LIMITED WARRANTY**

The sole obligation of the manufacturer, distributor or seller of this product shall be to replace. If notified of defect within six (6) months of the date of purchase, such quality of the product as is proved defective, and shall not be liable for injury, loss, or damage, either direct or consequential, arising out of or the inability to use the product.
